City of Greenfield

2021 Reuse, Recycle & Cleanup Day #2 Report

November 16, 2021

Submitted to: Mayor & City Council of the City of Greenfield through the Office of the City Manager

On Saturday, November 6, 2021, the City of Greenfield, Tri-Cities Disposal & Recycling, and Salinas Valley

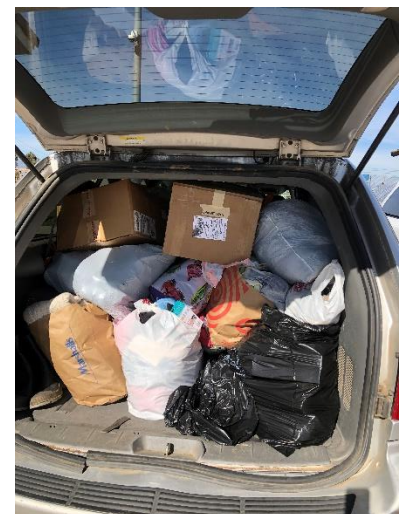

Recycles hosted a “Reuse, Recycle & Cleanup Day” event at the City of Greenfield Corporation Yard. We tested compressing the event into a four-hour window (8 AM-12 PM), as more extended events have experienced a busy start with a lull of traffic in the middle. TCDR is now providing two trucks and two drivers

at these events. This increases our ability to manage bins and turn them around more quickly when the event is busy. The event team agreed in advance to stay open an hour longer than advertised if needed. It was not.

This event followed COVID-19 safety guidelines regarding social distancing. These safety precautions did not limit traditional event features. If the COVID-19 pandemic continues to wane in 2022, we will again be open to providing a volunteer fundraising opportunity to a local non-profit.

These events focus on combatting illegal dumping on the streets, alleyways, and back roads adjacent to the community and “lightening the load” of built-up trash for residents. The line of vehicles waiting for the event to open speaks to their continued need and popularity. Public Works staff provided feedback that these events keep alleyways and roadsides clean, allowing the department staff the opportunity to focus on other important work and services.

The staff was able to achieve a high diversion rate through source separation. Salinas Valley Recycles collected clothing donations and delivered them to Goodwill. Amanda Good with Save the Whales has found a children’s resale store in Salinas to take gently used children’s toys and

clean stuffed animals. Blankets, towels, and linens were collected for use by South County Animal Rescue. The Salinas Valley Recycles hazardous waste team offered the safe collection and disposal of antifreeze, batteries, oil, paint, and medical sharps. Monterey County Environmental Health coordinated and provided vouchers for an oil filter exchange.

The City of Greenfield public works yard is an ideal location for these events. It has plenty of space to map out the dumpsters and maintain a safe traffic flow in and out of the event. Many thanks to the team at public works for their enthusiastic support and their positive attitude in serving the community.

This event continues to be successful in large part due to the collaboration and enthusiasm from a great team of professionals from the City of Greenfield, Salinas Valley Recycles, Monterey County Environmental Health, and Tri-Cities Disposal & Recycling.

2021 Fall Event

Diversion/Recycling: 9.54 tons Trash: 7.19 tons Total Collected: 16.73 tons

Diversion Rate: 57%

	2021 Events		2019 Tons	2018 Tons	Avg Tons 2013-2017
	Fall Tons	Summer Tons
